FLEETS APPROACHING

RUSSIAN AND JAP WARSHIPS
MAY SOON STRUGGLE FOR
SUPREMACY.

LOOKING FOR ROJESTVENSKY

TOGO'S SCOUTS POLICING ALL
ROUTES LEADING INTO THE
CHINA SEA.

London, April 8.—A dispatch from Singapore to the Daily Express says that the captain of a coasting steamer reports having sighted twenty-seven warships seventy miles southwest of Penang.

A Batavia, Java, dispatch to the same paper says that Chinese junks report that Japanese warships are policing all the straits available to Rojostvensky in an attempt to reach the China seas.

The Daily Express takes the view that the fleet reported in its Singapore dispatch was Admiral Togo's. Nothing definite has been heard from Vice Admiral Rojostvensky's ships, recently in French waters off Madagascar, since March 16.

It is possible that the fleets of Togo and Rojostvensky will soon fight for supremacy in the China seas.

Singapore, Straits Settlement, April 8.—The British steamer Tara reports having sighted forty-seven Russian ships 130 miles north of Singapore.

London, April 8.—A dispatch from Singapore to a news agency says that the British steamer Tara reports having passed forty-seven Russian vessels off One Fathom Bank in the Straits of Malacca, at noon on Friday, steaming southward.

Nebogatoff's Squadron Sails.

Jibutli, Gulf of Aden, April 8.—Vice Admiral Nebogatoff's division of the Russian Second Pacific Squadron sailed during the morning.

JAPAN WILL ASK INDEMNITY.

Titled Jap Says War Will Not Be Ended on Any Other Basis.

London, April 8.—Baron Suematsu, formerly Japanese minister of the interior, has written an interesting and significant article for the Outlook under the heading "War and Indemnity—The Japanese Claim."

The whole trend of the article is intended to show that Japan will carry on the war until Russia consents to pay indemnity. The baron says:

"A canon of the Japanese Bushido is 'One should not unsheath the sword unless in case of absolute necessity, nor restore it to its sheath unless one is totally overcome or has secured equitable satisfaction for one's cause.'"

"This is our ideal in international course. The sword of Japan is drawn and the aim for which it is unsheathed has scarcely been attained.

We want a peace that will secure tranquility in the far East for at least a generation or two. The world should know that in the present war Japan staked her very existence, whereas with the enemy it was a mere war of caprice. Why then in case of defeat should Russia not be made responsible in equitable accordance with the nature of the affair? I believe therefore in case of the adversary asking for peace the satisfaction which she will have to make to Japan should include making good the

material loss of Japan; in other words—indemnity."

Baron Suematsu says further: "Japan has not formulated definite terms of peace, because she might be accused of skinning the bear before it is shot. We have, however, outlined our idea."

TO PREVENT AN EPIDEMIC.

Japs and Chinese Engage in Cleaning Mukden.

General Oku's Headquarters in the Field, April 8, via Fusan.—The Japanese are making every effort to prevent the appearance of disease during the coming warm weather. Thousands of soldiers and Chinese are engaged in cleaning Mukden and the vicinity of the battlefields. The Russians left the city in a very unsanitary condition and this will result probably in much sickness during the summer unless the sanitary measures of the Japanese are successful. Strict orders have been issued regarding the maintenance of purity of the drinking water.

MILITARY TRAINS COLLIDE.

Eight Russian Soldiers Killed and Twenty-six Others Injured.

Harbin, April 8.—By a collision of military trains west of Harbin, eight soldiers were killed and twenty-six men injured. The accident was due to the engine crews, who were worn out with excessive hours of continuous work, falling asleep and running past signals.

MAY DELAY OPERATIONS.

Rain, Hail and Snow Spoil Roads in Manchuria.

Gunshu Pass, April 8.—Important operations are thought to be out of the question for some time to come, rain, snow and hail having spoiled all of the roads and caused impassable mud.

STATE MAY TAKE A HAND.

Further Complications Probable in Case of John Dietz.

Madison, Wis., April 8.—William W. Dietz, brother of John Dietz, who for a long time evaded the services of summons to vacate the premises on Thornapple creek, where he has been in possession of a dam wanted by the Chippewa Land and Lumber company, during the day called upon the governor in the interest of his brother.

Mr. Dietz said that a man named Carl Jonah, who was employed at the lumber camp there, came to Mr. Dietz's residence, leaning on a crutch and claimed that he had been injured in the camp and asked for provisions to sustain him, on the plea that he was a brother Mason.

After visiting once he returned with two friends, and after the greeting sprang upon Mr. Dietz and wife and tried to serve the summons to appear in federal court.

Mr. Dietz does not regard that the summons was properly served on the grounds that the right papers were not shown to his wife.

It is believed that the state will take a hand in the affair.

Ladysmith, Wis., April 8.—Five United States marshals left here during the day for Cameron dam, where Dietz lives, with guns sufficient to arm a large number of people.

Tams Bixby Will Retire.

St. Paul, April 8.—Tams Bixby, chairman of the Dawes commission, will retire with the other commissioners July 1 and will become a private citizen. Mr. Bixby, who is in St. Paul, says that he has no further political ambitions. He had been credited with being a candidate for United States senator in the event that statehood came to Indian Territory.

H. F. MICHAEL CO'S Daily Store News

Do not lose sight of the W. B. Corsets.

The numbers of the W. B. Corsets we are showing at 50c, \$1.00, \$1.25 and \$1.50 cannot be excelled in any corset department at the prices. We give a few of the features which have made the corset the popular one it is.

¶ With the new models all tendency towards "boxiness" has been eliminated.

¶ The curve in the back of the corset which gives some women too much prominence is likewise remedied.

¶ The extreme dip in the back has been shifted more to the side and front, producing greater ease and a greater grace at the same time.

¶ The new cup-shaped hip also removes the least possibility of strain upon the abdomen.

¶ All corsets retailing above \$1.00 a pair are made with the "Flexile" top steels. The greatest improvement ever put into a corset. It does away with every complaint of stiffness or cutting into the bust.

¶ The improved "Erect Form" and "Nuform" tell all these facts better than all the words of the dictionary. Try them.

TEXANS GIVE THE PRESIDENT A
VERY CORDIAL RECEPTION
AT SAN ANTONIO.

TALKS WITH ROUGH RIDERS

CHIEF EXECUTIVE CONVERSES
WITH MEN WHO SERVED UNDER HIM IN CUBA.

San Antonio, Tex., April 8.—With the city covered with patriotic emblems, a display of flags of all sizes, likenesses of the president in many windows and the streets and plazas filled with cheering throngs of people, Theodore Roosevelt could not mistake the hearty welcome accorded him in San Antonio during the day. Enormous crowds of people greeted him along the route from Fort Sam Houston to Alamo plaza, where an address of welcome was delivered and a reception held. A most enthusiastic reception was accorded him. He was kept busy bowing right and left acknowledging the outburst of enthusiasm. It is approximately seven years since President Roosevelt left San Antonio with his Rough Riders.

"No human being dreamed that I would return as president of the United States," he said in a short address at the depot. It was a busy day for the president. It began with

the reception at the train. This formality was soon over and the president and party proceeded to the parade grounds of the post, where the troops in Fort Sam Houston were reviewed. This ceremony over the start was made for the city. From the moment of the passing of the troops, carriages, police and Rough Riders swept out of the post grounds into Grayson street. The most spectacular scene of the day was at Travis park. The president's reception here by 8,000 school children was the most inspiring feature of the programme. All the way the crowd cheered and the children sang "America," while a band played the national air.

Within the Shadow of the Old Alamo.

On Alamo plaza, within the shadow of the old Alamo, which the president in his speech said seven years ago filled him with a determination to do nothing to reflect discredit upon the heroes who died there, he was received with enthusiasm.

The cheering began when he took his seat on the platform and lasted until he rose to respond to the address of welcome by City Alderman Kirkpatrick. The president's speech was punctuated with applause. He made a characteristic address. He was pleased San Antonio agreed with him in his ideas on race suicide.

After leaving the plaza the president's progress was again a continuous ovation and he saw no diminution in the crowds that lined the streets until he got far out on his way to the fair grounds. The proceedings after the party entered the fair grounds were of the most informal character. The Rough Riders pressed around the president and the secret service men moved away. This informal reception lasted half an hour or so. The president greeted and chatted with each of the men who had served with him.

The route back to the city was along Roosevelt avenue and past the arsenal grounds. A large crowd in vehicles of various kinds followed the party and the throngs grew more dense as the cavalcade drew near the hotel.

The president was given a dinner in the Menger hotel at 7:30 p. m. by the Business Men's club. At its conclusion he was presented by the club with a handsome pair of silver spurs with gold buttons and ornaments. After the banquet the president bade farewell to the members of the command in the parlors of the hotel. His train left for Fort Worth at 11 p. m.

INDIANS IN AN UGLY MOOD.

President Roosevelt May Encounter Bands of Angry Reds.

Hayden, Colo., April 8.—Indians in the White river country where President Roosevelt will hunt are reported to be sullen and ugly because of the vain efforts of the game wardens to drive them back to the Utah reservation. This news was brought by T. M. Wingrove and son, trappers, who have spent the entire winter in the White river region.

The Apaches, the Wingroves say, are slaughtering deer ruthlessly and pay no attention to the perfunctory warnings of the game wardens, who have no means of enforcing their commands.

President Roosevelt, if he makes an extended stay, will hardly fail to encounter some of the bands of angry Indians. They have been informed that "The Great White Father" is coming and some of the redskins have announced their intention of holding a pow wow with him.

Eczema, scald head, hives, itches of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

THE MINNESOTA IS LAUNCHED

SPECIAL TO THE DAILY DISPATCH:

Newport News, Va., April 8, 1:55 p. m.

—The Battleship Minnesota was successfully launched today in the presence of Assistant Secretary of the Navy Darling and a large number of visiting Minnesotans. Luncheon followed the launching. Toasts were responded to by Governor Montague, Assistant Secretary Darling, Senator Schaller and others. Miss Rose Schaller christened the vessel.

The Edwards-Wood company have opened a branch office at Long Prairie and George E. Trent, formerly of this city, is the manager.

The trainmen have cleared the track where the wreck occurred near Cushing yesterday morning and the coast trains are again running that way.

D. D. Schraeder, formerly of Pequot and at one time a resident of this city, arrived from St. Paul this morning. He is now a resident of Waterloo, Ia.

There will be no service in the Episcopal church tomorrow. There will, however, be service next Friday evening and on Sunday, April 16, morning and evening.

Gus Carlson and family have returned to the city from Crookston where they went about a year ago to engage in the shoe business. They will remain in Brainerd.

Frank M. Shortridge, general agent of Mahara's Minstrels, was in the city today making arrangements for the coming of this organization here on April 19.

Rev. J. T. B. Smith, of Frazee, was in the city for a short time today on his way home from Little where he attended the Duluth district conference of M. E. churches.

Rev. Neils A. Gilchrist, a Presbyterian minister at Crookston, will deliver an address at the men's meeting at the Y. M. C. A. tomorrow afternoon. All men are welcome.

The Degree of Honor will give one of their popular "coffees" Thursday afternoon, April 13, at the home of Mrs. J. C. Davis, corner 10th and Kingwood. Everybody invited.

T. C. DuBois came down from Crookston yesterday for a short visit with his family. He is working on the Great Northern and reports business about as slack there as it is anywhere.

Dr. Coulter, secretary of the Upper Mississippi Valley Medical society, has sent out notices that the society will meet next time in Brainerd on April 11. An excellent program has been prepared for the event.

There will be no service in the First Congregational church tomorrow. Sunday school will convene at 12 o'clock as usual. Rev. C. H. McIntosh, of Worthington, Minn., will occupy the pulpit in this church the following Sunday.

The Young Men's Debating club will hold their last meeting for the season on Monday night, April 10. It will be an open meeting and all friends are invited. Six of the strongest speakers are on the program and it will be a good meeting.

The following left this afternoon for Little Falls to assist in the installation of a court of Foresters: Mesdames A. F. Simpson, Chas. Peterson, George Abbott, J. R. Mutch, M. E. Morrison, Denis, Mr. and Mrs. A. J. Avery, Miss Russell and Fred Rees.

Sunday morning in the M. E. church the subject of the sermon will be "Conditions of Appointments to the Banquet of Christ." In the evening, second division of the Bible lecture on "The Story of Eden and the Tragedy of Sin." Prelude, "Who Killed Engineer Murray?"

Secretary Flicker has received a letter from Rev. John Orchard, of Fargo, N. D., stating that he will be at the Sunday school convention at Deerwood April 18 and 19. Rev. Mr. Orchard is a specialist in the Sunday school work and no one interested should miss hearing him.

"Happy Hooligan" reigned supreme at the Brainerd opera house last night. The show was just as the paper put out represented and "Happy" was just as fair, fat and handsome as the bills represented him. There was nothing to the show, notwithstanding a packed house greeted the company with rounds of applause.

RURAL FREE DELIVERY

Rural Agent Batie in the City With the View of Establishing two Routes, One South and One East

Rural Agent V. C. Batie, of Omaha, is in the city looking over the ground preparatory to making a report on two proposed rural free delivery routes, petitions for which were forwarded to Congressman Buckman some time ago and which have been recommended. If the service is established, and there seems to be no doubt of it as the agent has found that the required number of patrons can be served, one route will be south of the city and the following territory will be covered: Oak street to 8th, south to Adam Brown's, east to 13th street and in a directly south line from there to Sewell postoffice, east two miles, south one mile, east half mile to Shepherd postoffice, to Wolvert's corner then north three miles, east one mile and north four miles to Brainerd. The other proposed route is east of the city and covers the territory six miles out Oak street, south a quarter of a mile, east two miles, north a quarter of a mile, east a mile and a half, north two miles to school house No. 31, west six miles, south one mile, west a mile and a half, south one mile, west two miles, south a half mile, and east on Oak to postoffice.

Mr. Batie has been over the ground thoroughly and is satisfied that the routes as proposed are feasible and will so make his report. On the route east something like 115 families would be served and the south route would serve even more. If the inspector's report is acted on favorably by the department a civil service examination will be ordered for carriers to take place in this city and the service should be started by July first at least. Carriers receive \$720 per year and are required to furnish their own rig. The distance covered in each instance is about 25 miles. The advent of this service will be a great convenience to the farmers, and they in turn will be required to put up mail boxes of a pattern approved by the department in a convenient place where the carrier can place the mail without dismounting from his rig. Carriers on these routes sell stamps, take orders for money orders and are allowed to do various other things that come under the regulation of the postoffice department that will be found very convenient for their rural patrons. It will be a month before the postmaster learns definitely as to what disposition has been made of the matter and the date set for the examinations and the establishment of the service.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished, but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me and saved my life. Since then I have used it for over 10 years and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventative of pneumonia. Guaranteed, 50c and \$1.00 bottles at H. P. Dunn & Co.'s drug store. Trial bottle free.

MUSIC AND DRAMA.

TOM MARKS STOCK CO.

The following is taken from the Fargo Forum regarding Tom Marks, who will appear here next week at the Brainerd opera house in repertoire, commencing Monday night:

"Of Irish descent, Irish comedy appealed more naturally to Tom than any other line and it is in such roles that he has made his greatest successes. He recognized that the stage Irishman was not the thing—that it was an offensive caricature and a distortion of the characteristics of one of the finest races on earth. Breaking away from the traditions he gave the public the real thing—a warm hearted and impulsive son of Erin, likeable and laughable. His delineations of Irish roles are never offensive and always please. So too with his plays. He has cut loose from the hackneyed Irish melodrama and is appearing in a series of new and original plays, some of them his own and others written for him. They are clean, bright and entertaining. This is Mr. Mark's first tour of the circuit but he has made hosts of friends who will welcome a return engagement. In Winnipeg, Grand Forks and Crookston he has done a splendid business. In the far west he broke the record for attendance in many of the towns."

The prices are 50 cents, 25 cents and 15 cents.

HOPES TO FIND HIGH GRADE ORE

H. B. Blackwood, President of New Company, Ready to Start Work at Deerwood

BLACKWOOD IS ENTHUSIASTIC

And is Confident that there is Ore in Paying Quantities in this Section.

The following is taken from the Duluth News-Tribune:

"H. B. Blackwood, president of the Mineral Lands and Mining company, was in West Duluth yesterday. He purchased the house and land at 414 North Fifty-second avenue west and will move there as soon as the house is renovated. "Speaking of the company which was recently reorganized he said it will install a drill on its lands in Crow Wing county near the village of Deerwood within two weeks. The company owns several thousands of acres in this tract which is situated immediately west of the Adams developed lands and he is confident a high grade of ore will be found.

"Manganese and iron are the metals that will be sought for and it is the former upon which he is relying for the greatest returns. Should good manganese mines be developed the company will pay little attention to the iron.

"The way in which I first learned of the presence of manganese on these lands was a curious one," said Mr. Blackwood. "I was driving over the land and stopped at a farm house where the farmer was propping up his barn with blocks of manganese. The company was formed and we bought the land.

"Mining operations in this section are considerably less expensive than in the generality of cases. A drill has been run in this section with a full crew for \$300. This is unusual. I have followed all the indications by which one may go in matters of this kind and if there is not ore in this section then it is one of the vagaries of nature that is to blame and not our calculation."

Banquetted.

The young men of the First M. E. Sunday school enjoyed a banquet at the home of Mr. and Mrs. A. T. Fisher, 511 N. Broadway, last evening. The banquet was served by the Ladies' Aid of the church. R. G. Vallentyne was toastmaster and Ray Butts, Roy Leak and Charles Butts responded to toasts relative to the work. A class organization of eighteen members was effected with the following officers:

President—Archie Hagadorn.
Secretary—Ray Butts.
Treasurer—Alden Fuller.

The young men have started with the idea of securing center section of the church.

What Whiskey Costs The Drunkard.

Cure the Drink Habit With Orrine and Save Money.

Whiskey drinking does not pay. Take the lowest possible view, without counting the loss of friends, the loss of business, the loss of manhood that comes to the drunkard; consider simply the actual money paid out, and see what it costs in dollars and cents. Good authority states that nearly one-third, of the wages of the laboring man goes over the bar. How much are you contributing? Figure up for one month how much you take from your wife and children and pay out in exchange for drink. The total will astonish you, and you will swear off.

Will-power alone will not cure the habit. Use Orrine, the only guaranteed cure for the habit. It can be used without publicity or the loss of time. It strengthens the nerves, gives a good appetite and refreshing sleep. The cost is small, \$1 per box. Orrine is sold and recommended by H. P. Dunn & Co.

GATHERED FROM MILES AROUND

Some Amusing Incidents in Connection with the Case of State Against Lasher

A COURT SCENE AT PILLAGER

At Which Spectators Applauded Points They Approved Without Interference.

A day or two ago there was a hearing in the case of the state against Guy Lasher at Pillager and for ludicrous situations and amusing incidents the case dramatized would drive the "Happy Hooligan" show over the hills to the poor house. Guy Lasher is a man who is a sort of a bully in the south end of Cass county and any time the arm of the law reaches out and drags him into court people will gather from miles around to see him landed, for it is a cinch, on account of public sentiment, that he will get the worst of it.

In this particular case Guy was charged with the very ungentlemanly act of striking a woman, Mrs. Anna Henderson, in the back and that too with the butt of a revolver, the horrid boy. For this a warrant for assault in the second degree was sworn out and he was brought into court. As an answer to the complaint Lasher claims that he merely opened the door and the knob gave the lady a poke and not the butt of his revolver.

Attorney Crowell, of this city, had been engaged by the authorities of Cass county to prosecute the case and Judge Warner was there to defend Lasher. Long before the case was opened the court room was crowded and even Reuben Rearick, the village justice, found it difficult to push himself through to the "bench." On so momentous an occasion Justice Rearick thought it wise and proper that he should have some associates on the bench to propound the law as laid down in the "statut" books of Minnesota, and he therefore summoned two other justices and they presented an august appearance as they sat before that large assemblage. The mothers for miles around brought their young and crowded in and secured seats early, the fathers brought their lunches and ate their meal as they waited patiently for the opening of the court and the young stalwarts of the country were there in large numbers. In fact, it was even a more enthusiastic, but perhaps not quite so hilarious a crowd as gathered on the event of the La Rue-Rhodes fight which took place in the same hall.

The case was opened and Attorney Crowell prosecuted vigorously and finally succeeded in having the defendant held to the grand jury, but during the progress of the trial there were frequent loud and vociferous applause from the spectators, who, when Lasher was dealt a body blow or when Attorney Crowell went after his wind, seemed not able to content themselves and yelled and threw hats, handkerchiefs and even coats into the air.

Well, anyway, Lasher was held to the grand jury and when it came to making out a commitment Justice Reuben Rearick confessed that it was a new gag on him, but stood pat and called the bluff of the man who put the language in the document and affixed his John Hancock. Now it seems that in making out this commitment the words "Crow Wing county" were used instead of "Cass county." Judge Warner saw the error, but never said a word and when the court ordered that the prisoner be taken into custody there was an uproar of commendatory remarks. The fact is that the hearing was held in Pillager and the crime, if any, was committed in Cass county, so an application was made by Judge Warner for a writ of habeas corpus with the result that the defendant will probably be discharged and the case will have to be tried over again.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How can he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

INDIAN TROOPS DEAD

FOUR HUNDRED OF THE SEVENTH GURKHA REGIMENT KILLED AT DHARMSALA.

RESULT OF THE EARTHQUAKE

ESTIMATED THAT FROM TWENTY TO THIRTY PER CENT OF NATIVES PERISHED.

Calcutta, April 8.—It now appears that 400 of the Seventh regiment of Gurkhas were killed at the Dharmasala cantonment by the collapse of a stone barrack building in consequence of the recent earthquake. In addition twenty members of the First battalion and fifty members of the Second battalion of the First Gurkhas were killed, while it is roughly calculated that from 20 to 30 per cent of the native population of the surrounding villages were killed.

In addition to the Europeans already reported killed at Dharmasala, seven children of Europeans are said to have perished.

EPIDEMIC OF SUICIDES.

Five Persons End Their Lives in Philadelphia the Same Day.

Philadelphia, April 8.—Suffering from nervous prostration, due, it is said to the death of her father, coupled with an extraordinary passion for music, Miss Mary E. Munce, aged about twenty-four years, threw herself in front of a freight train near Swarthmore, a suburb, and was ground to death. She had been undergoing treatment in a local hospital. Five other persons sought death by suicide during the day in this city and four of them were successful. Rudolph Blanz, aged thirty-eight, shot himself through the head and died almost instantly.

Lewis Eneyekraut, fifty years old, drank a quantity of disinfectant and oxalic acid and died before a physician could be summoned.

John H. Krause, a druggist, aged thirty, drank chloral and died in a hospital.

John Holahan, aged twenty-eight, threw himself in front of a Reading railway train and died from his injuries.

Abel K. Cassel, an elderly man, attempted suicide by shooting himself in the heart. He is not expected to live.

ALL FAVORABLE TO FRANCE.

Germany Fails to Have Three Countries Adopt Her Moroccan Views.

London, April 8.—The Daily Mail's Paris correspondent learns that Germany failed in attempts to induce Spain, Italy and the United States to adopt her Moroccan views, and that on the contrary all three powers assured France of their good wishes toward the French policy in Morocco.

Washington, April 8.—The British ambassador called on Secretary Taft during the day and discussed with him the Morocco situation with a special reference to the note which had been handed the secretary by the German ambassador relating to the "open door." The British ambassador expressed an opinion similar to that of the French ambassador, that the "open door" in Morocco obtains at the present time.

GOT MONEY FROM FARMERS.

Federal Officials in Butte Looking for Henry A. Everett.

Butte, Mont., April 8.—Federal officers here are looking for Henry A. Everett, proprietor of the Imperial Globe Milling and Crushing company. The company is alleged to have secured a total of about \$35,000 from nearly 400 patrons, principally farmers of Missouri, North Dakota, South Dakota, Kansas, Minnesota and Nebraska.

The special inducement held out to investors is said to have been a promise that they would receive several thousand dollars' worth of government bonds.

INFLAMMATION IN RIGHT LUNG.

But Senator Platt's Condition Otherwise Is Encouraging.

Washington, Conn., April 8.—After a consultation of physicians regarding the condition of United States Senator O. H. Platt, the following bulletin was issued at night:

"There is still inflammation in the right lung. Senator Platt has passed a comfortable day and his pulse and temperature are encouraging."

Steamer Capsizes and Sinks.

New Orleans, April 8.—The Southern Pacific steamship Louisiana, Captain Whitney, partially capsized toward the shore side and then sank at her wharf during the day. It is expected that the vessel can be raised. No lives were lost. The cause of the accident has not been learned.

Speedy Justice for Negro.

Pulaski, Va., April 8.—Floyd Hale, a negro, during the day was indicted for murder, tried, convicted and sentenced to be hanged, the proceeding lasting less than one hour. May 12 was fixed as the day for execution. Hale killed John Hart, a white man, last Saturday.

DEATH TO THE CZAR.

Ominous Inscription on Banner in Funeral Procession.

St. Petersburg, April 8.—The workmen of the village of Smolensk made a demonstration during the day, the occasion being the burial of an employee of the Pahl factory, who was killed by policemen a few days ago. Six thousand persons assembled early in the morning in a heavy snow storm and awaited the funeral procession. There were red flags everywhere, and a wreath deposited by Socialists on the coffin was inscribed "Died an innocent victim in the struggle for victory."

After the interment revolutionary proclamations were scattered among the people and a procession was formed headed by a Socialist carrying a banner inscribed "Death to the czar, the assassin."

At this juncture a large force of military and police interfered, dispersed the mob and seized the wreaths and banners. The workmen did not attempt serious opposition and none was seriously injured.

DOCTORS UNDER ARREST.

Members of Medical Congress Taken Into Custody.

Moscow, April 8.—Several members of the medical congress have been arrested.

A congress of doctors from all parts of Russia was held in Moscow this week, ostensibly to consider means for combatting an expected epidemic of cholera, but its proceedings assumed the character of a political assemblage. Resolutions were adopted declaring that under existing political economic conditions it would be practically impossible to fight an epidemic of disease, as doctors and inspectors would not be safe from attack by ignorant peasants angered by the prevalent distress. The resolutions proceeded to demand changes in the system of allotment of lands, reform in taxation, the convoking of an elective constituent assembly, and other articles of the advanced Liberal programme.

TROUBLE IN CHICAGO

STRIKE OF TEAMSTERS RESULTS

IN THE USUAL SCENES OF DISORDER.

Chicago, April 8.—Chicago is again in the throes of a strife between capital and labor unions. As on former occasions, the unions have resorted to the use of the union teamsters to bring them victory in the struggle, which now promises to spread to many branches of the teaming industries of the city.

The present struggle had its beginning in a strike several months ago of a few hundred garment workers employed by the mail order house of Montgomery, Ward & Co. The closed shop is the issue, and in order to bring the firm to the terms of the union, a strike of the 200 drivers and teamsters employed by the concern was called during the day.

As has always been the case in the past when the teamsters are called on to assist in a sympathetic strike, the downtown streets of Chicago during the day were the scenes of disorder, which followed fast on each other, when an attempt was made to deliver goods with nonunion drivers. Many teamsters, garment workers and their friends filled the streets and many clashes with the police occurred. In several instances it was necessary for the police to place a number of the belligerents under arrest before the blockades could be lifted.

Although the police worked incessantly all day to keep the streets clear in the vicinity of the Montgomery-Ward building the crowd became so dense at one time during the day that all traffic was blocked. Forty policemen charged the crowd, using their clubs. The friends of the strikers were stubborn, however, and for several minutes resisted. The fight was too one-sided to last long and the rioters were finally dispersed. Various meetings looking toward peace were held during the day, but no progress was made, and the indications are that the strike will spread to other concerns.

A decision to ask the United States district court to restrain the strikers was reached at night by the employers.

MORMONS GO TO COURT.

Apply for Injunction Against President Joseph F. Smith.

Salt Lake City, April 8.—An injunction suit was filed in the Third judicial district court during the day asking the court to restrain the Church of Jesus Christ of Latter Day Saints and Joseph F. Smith, its president and trustees in trust, from investing the tithings of the church for any other than church purposes. The petitioners are Charles Smurthwait of Ogden, who recently was excommunicated from the church, and Don C. W. Musser, a member of the church who Thursday voted against sustaining the twelve apostles.

President Smith is said to have invested \$500,000 of the yearly tithings of the church in business ventures, in alleged violation of his trust.

Disastrous Boiler Explosion.

Los Angeles, Cal., April 8.—A boiler of the Union Ice works blew up during the day, seriously injuring two employees and setting fire to the plant, which was destroyed. The fire caused damage estimated at \$100,000.

Piles

IN ITS VARIOUS ASPECTS.

United States as a World Power Discussed in Convention.

Philadelphia, April 8.—Many men prominent in the field of social and political economy are attending the ninth annual meeting of the American Academy of Political and Social Science which began here during the day. The general theme under discussion is "The United States as a World Power." The various aspects of this main question were taken up and will be further discussed. Two sessions were held during the day. The annual address, which is the feature of the meeting, was made at night by Seth Low, former mayor of New York, who took for his subject "The Position of the United States Amongst the Nations." The president's address, by Professor Leo S. Rowe of the University of Pennsylvania, was also delivered at night.

At the afternoon session the subject under discussion was "The Position of the United States on the American Continent." Those who spoke on this phase of the general theme under discussion were Francis B. Loomis, first assistant secretary of state; Tullio Larrinaga, Porto Rican commissioner at Washington; Professor E. R. Johnson, University of Pennsylvania; Professor Lindley Miller Keasbey, Bryn Mawr college, and Talcott Williams and Henry J. Hancock of this city.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BOLD ROBBERY IN CHICAGO.

Thieves Take \$3,000 Worth of Diamonds From a Store.

Chicago, April 8.—At night while the street was full of pedestrians, two robbers broke a window in the jewelry store of Turner Bros., 821 Madison street, and stole \$3,000 worth of diamonds. The robbers had a horse and buggy waiting across the street and as soon as they secured the jewels jumped into the rig and made their escape.

Sure Relief for Women.

No. 18 Central Ave.
HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years.

I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

Anna Nelson
ORATOR, WEDNESDAY CHAUTAUQU CLUB.

WINE of CARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Piles

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any kind of itching, bleeding, or protruding piles, the manufacturers guarantee a cure. You can use it and if you are not cured get your money back. Mr. Casper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." 50c, a box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

IN ITS VARIOUS ASPECTS.

United States as a World Power Discussed in Convention.

Philadelphia, April 8.—Many men prominent in the field of social and political economy are attending the ninth annual meeting of the American Academy of Political and Social Science which began here during the day. The general theme under discussion is "The United States as a World Power." The various aspects of this main question were taken up and will be further discussed. Two sessions were held during the day. The annual address, which is the feature of the meeting, was made at night by Seth Low, former mayor of New York, who took for his subject "The Position of the United States Amongst the Nations." The president's address, by Professor Leo S. Rowe of the University of Pennsylvania, was also delivered at night.

At the afternoon session the subject under discussion was "The Position of the United States on the American Continent." Those who spoke on this phase of the general theme under discussion were Francis B. Loomis, first assistant secretary of state; Tullio Larrinaga, Porto Rican commissioner at Washington; Professor E. R. Johnson, University of Pennsylvania; Professor Indley Miller Keasbey, Bryn Mawr college, and Talcott Williams and Henry J. Hancock of this city.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution as assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BOLD ROBBERY IN CHICAGO.

Thieves Take \$3,000 Worth of Diamonds From a Store.

Chicago, April 8.—At night while the street was full of pedestrians, two robbers broke a window in the jewelry store of Turner Bros., 831 Madison street, and stole \$3,000 worth of diamonds. The robbers had a horse and buggy waiting across the street and as soon as they secured the jewels jumped into the rig and made their escape.
